

📍🕒 See below and page 2 for maps as well as detailed location and pick up time information.

SOUTH CENTRAL PA SAMPLE PICK UP SYSTEM

Drop boxes are available for forage, feed, water and manure samples. There are 6 standard drop box locations starting from White Oak Mills in Elizabethtown, PA and ending at Greencastle Livestock Auction in Greencastle, PA. Samples left at these locations are picked up Monday through Friday according to the times listed. Additionally, there are two standalone drop boxes: Chambersburg, PA and Waynesboro, PA. There is no pickup on holidays when the lab is not in operation. See www.foragelab.com for a list of holiday closings.

All samples left at these locations are taken to our Waynesboro, PA lab for processing. There is a \$2.00 handling fee per sample for utilizing a drop box. There is no fee for utilizing the drop box at the Waynesboro Lab. For Eastern PA, refer to our Eastern PA drop box location listing.

Using the Drop Box

When dropping off samples, please send a text message to the number on the top of the drop box with the location, account name or number, and number of samples dropped. This information will assist us in planning the pick-up on any given day. If necessary, drivers may skip boxes if we do not receive a text due to traffic backups or weather issues.

Results for NIR analysis should be available the next business day, following drop off. Sample bags and testing information are available at each drop location. Supplies may also be requested by emailing mail@foragelab.com.

Please be respectful of the businesses that have given permission for us to place drop boxes at their locations. Thank them for that privilege if you have opportunity.
