

## CALIFORNIA SAMPLE PICK UP SYSTEM

Drop boxes are available for forage, feed, water and manure samples. There are 14 drop box locations starting at LG Seeds in Stockton, CA (Location 1) and heading south to Southern Counties DHIA in Chino, CA (Location 14).

Samples left at locations 1-12 are picked up on Monday through Friday. Samples left at J&R Dairy in Bakersfield: (a) Should be placed in the black refrigerator accessed through the back door on the scale house (NOT the white refrigerator), (b) Will be picked up on Thursdays at approximately 4:30 PM, (c) Will be picked up on other days when text is received. Samples left at Southern Counties DHIA in Chino are picked up various days. There is no pickup on holidays when the lab is not in operation. See [www.foragelab.com](http://www.foragelab.com) for a list of holiday closings.

All samples are shipped overnight to our Waynesboro, PA lab for processing. There is a \$3.00 handling fee per sample for utilizing a drop box.

Be aware of pickup times for locations. Note that there are two routes: Locations 1-10 and Locations 11-14.

### Using the Drop Box

When dropping off samples, please send a text message to the number on the top of the drop box with the location, account name, and number of samples dropped. This information will assist us in planning the pick-up on any given day. If necessary, drivers may skip boxes if we do not receive a text due to traffic backups or weather issues.

Results for NIR analysis should be available the next business day, following drop off. Sample bags and testing information is available at each drop location. Supplies may also be requested by emailing [mail@foragelab.com](mailto:mail@foragelab.com).

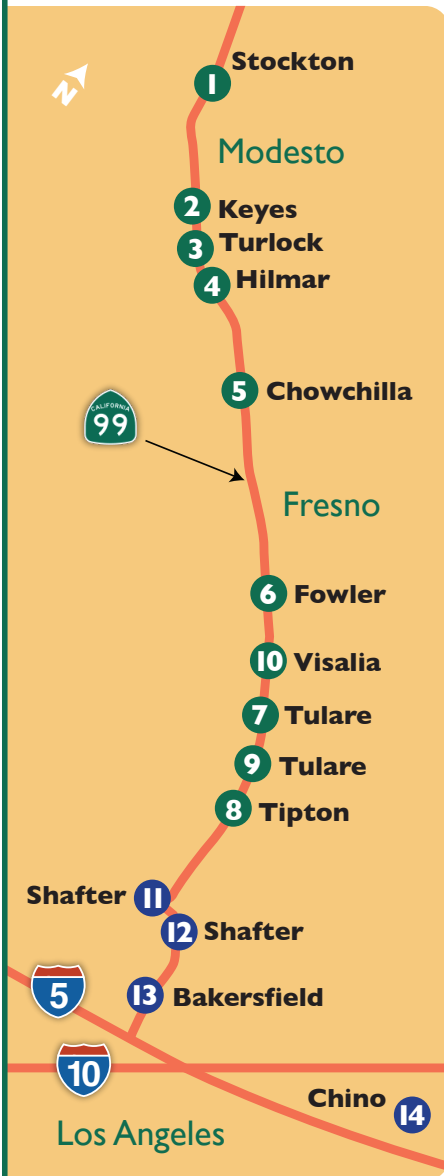

Please be respectful of the businesses that have given permission for us to place drop boxes at their locations. Thank them for that privilege if you have opportunity.

### Alternatives to Using the Drop Box
