

## Viewing and Downloading Global Data Summary Reports on CVAS Client Portal

To provide access to the extensive CVAS database of samples results for our users, CVAS has a client portal to include a "Global Data Summary" tab that provides access to PDF downloadable files of summarized data specific to the clients needs.

- After logging into your CVAS client portal by using the Login link on the home page ([www.foragelab.com](http://www.foragelab.com)) you will see a tab titled "Global Data Summary".

- Select the 'Global Data Summary' tab and drop down all menus you would like to use in your search, selecting and filtering as you go.
- Click "Submit" on the bottom, once all desired fields are filtered.

CVAS Global Data Summary
