

CUMBERLAND VALLEY ANALYTICAL SERVICES

Laboratory services for agriculture ... from the field to the feed bunk.

Feed Types Suitable for NIR Analysis

By utilizing its vast chemistry database, CVAS has established a large number of feed types that can be evaluated by NIR analysis. All of the feed types listed below are available for NIR analysis with any of our NIR packages. The plus option can be added to most of our NIR feed types, however those marked with an asterisk (*) do not provide additional information with the plus option.
