

Cumberland Valley Analytical Services

See below for map as well as detailed location information.

EASTERN OH SAMPLE PICK UP SYSTEM

A drop box is available in at Performance Feed & Seeds in Ashland, OH for forage, feed, water and manure samples.

Samples left at this location are picked up until 2:00 PM Monday through Friday. There is no pickup on holidays when the lab is not in operation. See www.foragelab.com for a list of holiday closings.

All samples are taken to our Fort Loramie, OH lab for processing. For other Ohio locations, refer to our corresponding drop box location listings. Keep checking www.foragelab.com for locations that will be added in the future.

Using the Drop Box

When dropping off samples, please send a text message to the number on the top of the drop box (833-892-5913) with the location (Ashland, OH), account name or number, and number of samples dropped. Be advised while it is not likely, it is possible that pick up could be delayed if Performance Feed & Seeds is closed or UPS is behind schedule as a result of exceptional circumstances (winter storm, etc).

Results for NIR analysis should be available the next business day, following drop off. Sample bags and testing information is available at each drop location. Supplies may also be requested by emailing mail@foragelab.com.

Please be respectful of the businesses that have given permission for us to place drop boxes at their locations. Thank them for that privilege if you have opportunity.
