

CUMBERLAND VALLEY ANALYTICAL SERVICES

"Laboratory services for agriculture ... from the field to the feed bunk"

CVAS Eastern PA Sample Pick Up System

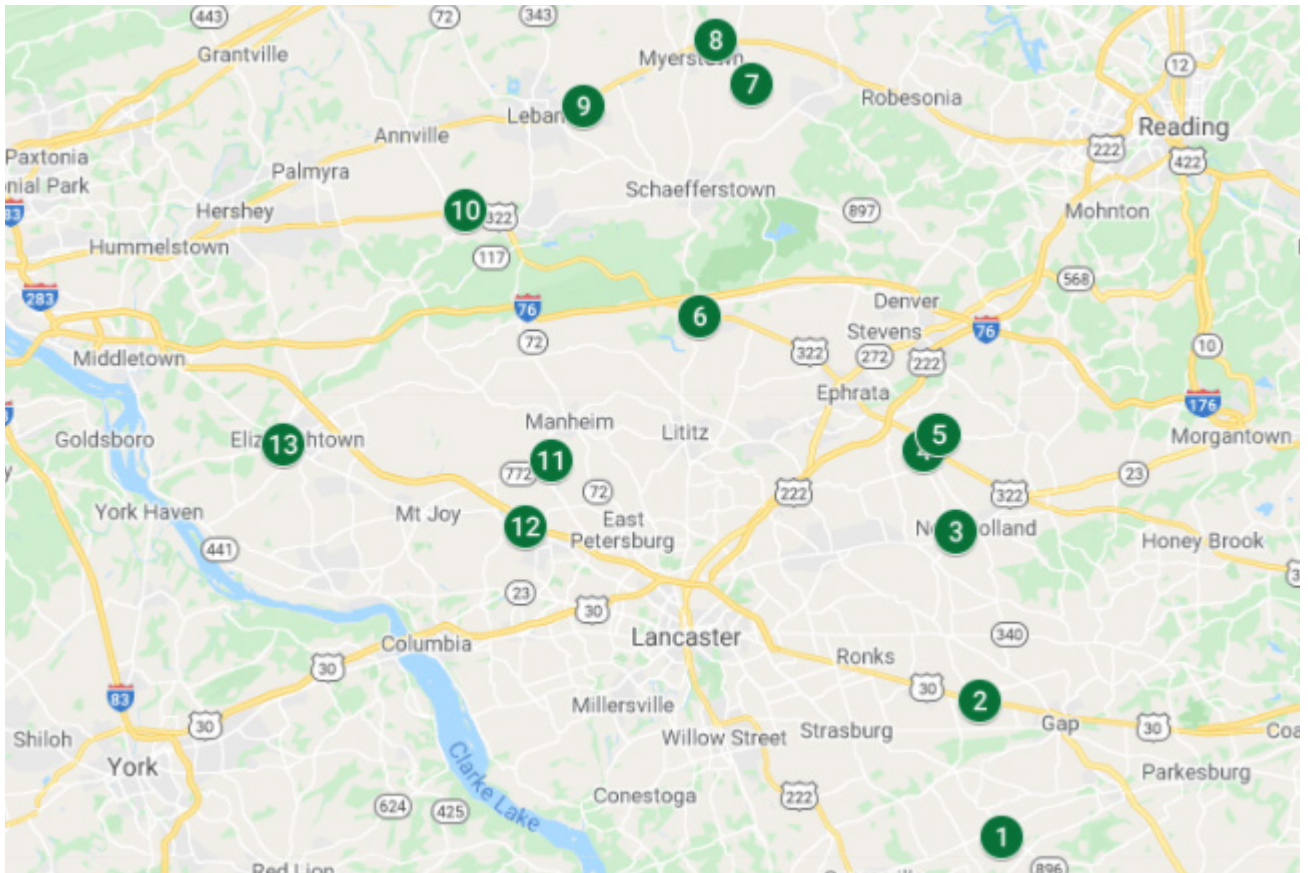

CVAS is pleased to announce drop box locations in Eastern PA for forage, feed, water, and manure samples! When dropping off samples, please send a text message to the number on the top of the drop box with the location, account name, and number of samples dropped. This route will be picked up starting at Green Tree Hardware in Quarryville, PA and ending at White Oak Mills in Elizabethtown, PA. **Pick up will run daily**, with the exceptions of holidays when the lab is not in operation (*see www.foragelab.com for a list of holiday closings*). After the samples are picked up, they will be taken to our Waynesboro, PA lab for processing. For South Central PA, refer to our South Central PA drop box location listing.

Results for NIR analysis should be available the day samples are picked up. Sample bags and testing information is available at each drop location. Supplies may also be requested by emailing mail@foragelab.com.

Below are the complete addresses of each business, and a map with all locations marked (numbers next to the locations below, match the locations on the map).

Please be respectful of the businesses that have given permission for us to place drop boxes at their locations. Thank them for that privilege if you have opportunity. We look forward to serving our client's needs.
